INDEPENDENT AUDITOR'S REPORT

Executive Board
Neuqua Valley High School
Athletic Booster Club

We have audited the accompanying financial statements of Neuqua Valley High School Athletic Booster Club which comprise the statements of financial position as of June 30, 2016 and June 30, 2015 and the related statements of activities and changes in net assets, functional expenses and cash flows for the years then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Neuqua Valley High School Athletic Booster Club as of June 30, 2016 and June 30, 2015 and the changes in its net assets and cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

NEUQUA VALLEY HIGH SCHOOL ATHLETIC BOOSTER CLUB
Notes to Financial Statements

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of Neuqua Valley High School Booster club have been prepared on the accrual basis of accounting and accordingly reflect all significant receivables, payables, and other liabilities.

Basis of Presentation

The Organization reports information regarding its financial position and activities according to three classes of net assets that are based upon the existence or absence of restrictions on use that are placed by its donors; unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

Unrestricted net assets are resources available to support operations. The only limits on the use of unrestricted net assets are the broad limits resulting from the nature of the Organization, the environment in which it operates, the purposes specified in its corporate documents and its application for tax-exempt status, and any limits resulting from contractual agreements with creditors and others that are entered into in the course of its operations.

Temporarily restricted net assets are resources that are restricted by a donor for use for a particular purpose or in a particular future period. The Organization's unspent contributions are reported in this class if the donor limited their use, as are promised contributions that are not yet due.

Contributions of property and equipment or cash restricted to acquisition of property and equipment are reported as temporarily restricted net assets if the donor has restricted the use of the property or equipment to a particular program. If donors specify a length of time over which the property or equipment must be used, the restrictions expire evenly over the required period. Absent that type of restriction for use, the Organization considers the restriction met when the assets are placed in service.

When a donor's restriction is satisfied, either by using the resources in the manner specified by the donor or by the passage of time, the expiration of the restriction is reported in the financial statements by reclassifying the net assets from temporarily restricted to unrestricted net assets.

Permanently restricted net assets are resources whose use is limited by donor-imposed restrictions that neither expires by being used in accordance with a donor restriction nor by the passage of time.

C. Cash and Cash Equivalents

Cash and cash equivalents consist of checking and savings accounts and petty cash.

D. Estimates

Management uses estimates and assumptions in preparing financial statements. Those estimates affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. On an ongoing basis, management evaluates the estimates and assumptions based on new information. Management believes that the estimates and assumptions are reasonable in the circumstances; however, actual results could differ from those estimates.

E. Nature of Activities

Neuqua Valley High School Athletic Booster Club, ("The Club"), is a nonprofit organization established in 2008 to support, encourage and aid the activities of high school athletics at Neuqua Valley High School.

Through the use of private funds, "the Club" strives to provide support to Neuqua Valley High School towards the creation of programs, projects and activities for staff and students that will enhance the educational system.

The Neuqua Valley High School Athletic Booster Club is governed by a voluntary Board of Directors. Neuqua Valley High School and "the Club" are independent of each other

F. Inventory

Inventories are stated at cost or net realizable value. Cost is determined by the first-in first-out method. When evidence exists that the net realizable value of inventory is lower than its cost, the difference is recognized as a loss in the statement of activities in the period in which it occurs.

G. Property and Equipment

Property and equipment are stated at cost or fair value at date of donation. Depreciation is provided using the straight-line method over the estimated useful lives of the assets as follows:

Furniture	5 years
Equipment	7 years

Additions of \$500 or more are capitalized, while maintenance and repairs that do not improve or extend the useful lives of the respective assets are expensed currently.

H. Revenue Recognition

Contributions received are recorded as unrestricted, temporarily restricted or permanently restricted net assets, depending on the existence and/or nature of donor restrictions.

Contributions that are restricted by the donor are reported as increases in unrestricted net assets if the restriction expires, (that is when a stipulated time restriction ends or purpose restriction is accomplished) in the reporting period in which the revenue is recognized. Contributions of property and equipment are reported as temporarily restricted net assets if the donor restricted the use of the property or equipment to a particular program as are contributions of cash restricted to the purchase of property and equipment. If donors specify a length of time over which the property and equipment must be used, the restrictions expire evenly over the required period; otherwise, the restriction expires when the assets are placed in service. All other donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets, depending on the nature of restrictions. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and are reported in the Statement of Activities as net assets released from restriction.

NOTE 2 – ADVERTISING

The Organization uses advertising to promote its programs. The costs of advertising are expensed as incurred. During the year ending June 30, 2015 advertising costs totaled \$ 521.

NOTE 3 -INCOME TAXES

“The Club” is exempt from federal income taxes under Section 501 (c)(3) of the Internal Revenue Code (IRC) and applicable state law.

NOTE 4 – SUBSEQUENT EVENTS

The Organization evaluated subsequent events through October 15, 2016 which was the date the financial statements were available to be issued and concluded that no additional disclosures were required.
